Full job description

Protech is a national recruitment and workforce solution specialist with a strong emphasis on providing quality personnel to the Construction Industries.

Role Description:

Working with the Lab Technicians you will be assisting with the testing of concrete samples. This will involve reporting all identified non-conformance, ensuring all test data is entered correctly into the laboratory software, and calibrating and maintaining all laboratory equipment.

What we are looking for:

- Hardworking and keen to learn new skills
- Previous lab and testing experience - advantageous
- Strong commitment to safety policies and procedures
- Ability to work within a team environment
- Articulate attention to detail
- A current Driver's License

What we are offering:

- Overtime and penalties on requirement
- Ongoing, long term, consistent work

- Opportunities to go permanent
- PPE/Work Shirts provided
