Full job description

Your new company

As the fastest growing specialist in automated cold storage with world-class and energy efficient systems, your new organisation are on a global mission to provide leading food companies with the most compelling logistic cold chain experience possible. Your new organisation's facilities to the west of Melbourne are truly impressive. Teams work hard to ensure food safety is our priority by resolving problems efficiently, effectively and thinking outside the box to troubleshoot, while maintaining a safe working environment.

Multiple shifts available, including preference of 4 days on 4 days off, 4 nights on 4 nights off. We can consider some flexibility to shift.

Your new role

Your new role will see you working as a maintenance technician on permanent basis. Your duties will include, preventative and corrective maintenance on automated systems, which include working in both electrical and mechanical areas, electrical and mechanical fault finding; with trouble shooting on automated systems for equipment such as storage and retrieval cranes, shuttles, and buffer systems, responding efficiently to breakdown conditions to minimise equipment down time, working towards increasing equipment reliability by continuously improving and initiating processes and support, and communicating extensively with key stakeholders: operations and planning teams.

What you'll need to succeed

- A grade electrical license
- Mechanical background
- Industrial Maintenance experience (commissioning & servicing)
- Excellent written & verbal communication
- Physical fitness

- Highly motivated to take initiative

What you'll get in return

- Highly competitive salary
- Multiple shifts available (4 ON, 4 OFF)
- 5 weeks paid annual leave
- Performance bonuses
- Career progression

What you need to do now

Please hit apply now, or for a confidential discussion please call Maaz Mian on 0478 576 524. If this role isn't quiet for you, but you are a trade qualified or experienced Maintenance Electrician, please don't hesitate to contact me.
