Full job description

Your new company

Our client boasts the nation's largest privately-owned fleet of specialised access equipment. They facilitate in the hiring, selling, servicing and transporting of equipment such as Forklifts, Bobcats, Reach-stackers and Generators to name a few. They are proud to work with market leaders such as Hyster, Liftsmart & Dingli to name a few and are also the leading re-sellers of new and used access equipment.

Your new role

You will be servicing, maintaining, and refurbishing all types of access vehicles as field service technician (8 roles based around SE Melbs and 3 in W Melbs). The client is more than happy to consider an experienced Auto-mechanic (with some Diesel experience) who wants to make the move into the Heavy Diesel Mechanical world. This is an amazing opportunity to enhance your experience and skills within a company with great values.
