### Full job description

#### Quarry Operators

Our client is recognised throughout Building and Construction Industries as Market Leader in the Supply of High Quality Building and Construction Materials.

Duties include but not limited to:

- Operation of Fixed Plant (Crushing Equipment and Blending / Bagging)
- Mobile Plant Operation including Water Cart, Front End Loader, Dump Truck and Excavator
- Quarry Plant Maintenance on Maintenance Days

To be considered you must:

- Have relevant VOC or RII for Mobile Quarry Plant including Water Cart, Front End Loader, Dump Truck and Excavator
- Have a familiarity in Quarry Operation including Crushers and Stockpiling
- Be willing to work across all facets of Quarry Activities
- Be prepared to work Overtime as required

Candidates with any Quarry experience are encouraged to apply.

All successful applicants will under-go a pre-employment medical and drug and alcohol testing prior to commencement to any site.

If you are interested in the role click "APPLY NOW".

If you have any further questions please don't hesitate to call Tanika on 0448 729 907.
